Connecting with others is important for our health and survival. Research tells us that feeling connected, valued and loved by others gives us a sense of security, support, purpose and happiness. Close connections and good relationships with others allows us to enjoy the good times in our lives and helps us deal with the hard experiences we face. This is important for all of us! Unfortunately in today's society, we have many demands on our attention and time, and more people experience loneliness in Australia than ever before. For those experiencing or living with mental illness, loneliness can be far worse as individuals can face social exclusion, stigma and discrimination. As social beings, this can affect all aspects of our wellbeing.

Happy Birthday Regentville Public School

Did you know that our school is turning 150 next year.

What a momentous occasion, and we're starting planning now so watch this space.

In the meantime we are gathering ideas: what are your celebration ideas?

And we're also gathering stories, anecdotes and photographs. Do you have family, friends or neighbours who attended Regentville. Do you have any memories or funny stories to share? Any photos from the school's exciting past?

We'd love to hear from you and perhaps include your stories or pictures in the celebrations. If you have ideas, stories or pictures to share please send them to our dedicated birthday celebration email address.
